

SPEED HUMPS: SH500

COMMONLY USED:

- Multi-level Car Parks
- Shopping Complexes
- Commercial Premises
- Petrol Stations
- Residential Common Driveways

The Supamaxx™ SH500 Speed Hump provides a cost-effective solution to traffic management, road safety and reduces risk of civil litigation by slowing down the vehicles and alerting them to potential dangers. Its flat, ribbed surface makes it skid resistant and safer in areas where pedestrians walk.

Our traffic calming speed hump is manufactured from 80% recycled rubber, natural rubber and other additives that not only minimize fading but also increase the durability and longevity of the product. The black and yellow section are embedded with reflective tape and abut together. Each SH500, 500mm long section has two illuminating cats' eyes.

PRODUCT CODE	SH500	SH500EC (Yellow + Black)
LENGTH	500mm	250mm + 250mm
HEIGHT	50mm at Maximum	50mm at Maximum
