

# U-BARRIER FIXED RANGE: 90MM: POWDER COATED

## COMMONLY USED:

- Car Yards
- Council Parks
- Commercial Premises
- Petrol Stations

The Supamaxx™ range of 90mm U-Barrier Powder Coated Fixed bollards can be your first line of defence in protecting your property and assets, whilst allowing the flexibility of access control to restricted areas. Supamaxx offers a choice of 4 lengths in this range that offer different levels of security to cater for your particular security needs.

- **100% Made in Australia and 'Not a Cheap Import'**
- **Zinc Treated to protect against corrosion**
- **Professionally Powder Coated with U.V stabilized coatings that protect from pre-mutually fade and rust.**
- **Quality & Reliability that puts Supamaxx ahead of all competition**

The superior Supamaxx manufacturing process of all Powder Coated U-Barrier bollards receives a premium Zinc Treatment and then Powder Coated to ensures maximum protection and wear for the life of the bollard. Unless otherwise specified, all Supamaxx bollards are powder coated 'Safety Yellow', with other colours available on request.

All Supamaxx U-Barrier Fixed bollards can be cast into concrete or retro fitted into an existing concrete slab. We offer a complete installation service, Australia wide, or can assist you with advice on installation techniques for our product range.

*We recommend you always obtain tailored advice from one of our professional staff to ensure you purchase the most suitable product for your specific needs.*
