

BASE PLATE MOUNTED: SCREW - DOWN (Powder Coated)

The Supamaxx™ Range of Screw - Down Powder Coated Base Plate Bollards are an ideal solution for deflecting and minimising damage to refrigerated displays in Supermarkets and at cool room entrances. The CB102BSD has been manufactured using a replaceable steel sleeve with a wall thickness of 4mm, allowing for ease of replacement, should the bollards have to be replaced.

- 100% Made in Australia and 'Not a Cheap Import'
- Zinc Treated to protect against corrosion
- Professionally Powder Coated with U.V stabilized coatings that protect from pre-mutually fade and rust
- Quality & Reliability that puts Supamaxx ahead of all competition
