

90MM REMOVABLE RANGE: POWDER COATED

HD90R

Supamaxx™ range of Standard Powder Coated Locking & Removable bollards can be your first line of defence in protecting property and assets, whilst allowing the flexibility of access control to restricted areas. The HD90R bollard has been manufactured using extra heavy galvanized steel with a combined wall thickness of 10.4mm. This Bollard is most commonly used in high traffic, industrial and commercial areas, due to its cost efficient pricing, durability and low cost maintenance feature.
