

140MM BASE PLATE REMOVABLE: POWDER COATED

The Supamaxx™ range of 140mm Powder Coated Baseplate Mounted Locking & Removable bollards are an ideal solution where core drilling is not advisable, such as post tension suspended slabs, and where access control to restricted areas is required.

- 100% Made in Australia and 'Not a Cheap Import'
- Zinc Treated to protect against corrosion
- Professionally Powder Coated with U.V stabilized coatings that protect from pre-mutually fade and rust.
- Quality & Reliability that puts Supamaxx ahead of all competition

The superior Supamaxx manufacturing process of all Powder Coated bollards receives a premium Zinc Treatment and then Powder Coated to ensure maximum protection and wear for the life of the bollard. Unless otherwise specified, all Supamaxx bollards are powder coated 'Safety Yellow', with other colours available on request.
