

BASE PLATE MOUNTED: SCREW - DOWN (Stainless Steel)

The Supamaxx™ range of Screw - Down Stainless Steel Base Plate Bollards are an ideal solution for deflecting and minimising damage to refrigerated displays in Supermarkets and at cool room entrances. The SS102BSD has been manufactured using a replaceable steel sleeve with a wall thickness of 4mm, allowing for ease of replacement, should the bollards have to be replaced.

- 100% Made in Australia and 'Not a Cheap Import'
- The Ultimate Sculptured finish to compliment any building or structure
- Manufactured using Grade 304 Stainless Steel
- Professionally Linished to a Grade 4 Finish
- Quality & Reliability that puts Supamaxx ahead of all competition

The superior Supamaxx manufacturing process of all Stainless Steel bollards receives a Professional Grade 4 Linished Finish that is aesthetically pleasing and easy to clean. Unless otherwise specified, all Supamaxx Stainless Steel Flat Top design bollards are manufactured using Grade 304 Stainless
